

KENTUCKY COMMUNITY AND TECHNICAL COLLEGE SYSTEM
Invitation to Bid ADDENDUM

BID NO.: KCT-01435
ADDENDUM NO.: 1
BID ISSUE DATE: June 9, 2025
ADDENDUM DATE: June 24, 2025
OPENING DATE: June 30, 2025 @ 4:00PM ET
TITLE: Asphalt Paving and repair Services

The following information is provided in response to questions submitted by potential bidders:

1. Based on our site visit, the maps attached show the areas Joe wanted to repair. Please verify location and Sqft. (Attached as AgBuilding and Tech Center).

KCTCS Response: *An opportunity was given at the site visit for suppliers to view and record necessary measurements needed to make an appropriate bid. Please provide your best cost based on measurements your firm recorded during the site visit.*

2. Do you want a keyway mill around the perimeter of these patches, or are you wanting a profile mill of the whole area being repaired?

KCTCS Response: *Yes, we do want a keyway mill around the perimeter of the patches.*

3. Specs are calling for "Brewer Cole Asphalt Sealer". Is this meant to be Brewer Cote Emulsion sealer? Are we approved to use the Seal Master equivalent which meets the ASTM D 5727 requirement? I have attached their spec sheet.

KCTCS Response: *No, we want the "Brewer Cote Asphalt sealer" which is our preferred material. This is different from Brewer Cote Emulsion sealer. "Brewer Cole Asphalt Sealer" should read "Brewer Cote Asphalt sealer." We apologize for the small typo on the posted bid.*

4. Is seal master Crackmaster an acceptable substitute for Crafcro Brano to repair cracking?

KCTCS Response: *No, we want cracks repaired with hot, non-tracking rubberized crack sealant. Our preferred material is "Crafcro Brand #1 Rubber".*

The time to submit questions for this Invitation to Bid has expired.
